A road map for the post-BEPS transfer pricing world

The Transfer Pricing Practice of Charles River Associates is pleased to announce the launch of our BEPS compliance matrix to assist multinational companies with their Country-by-Country Reporting, Master File, and Local File requirements.

As jurisdictions move toward the post-BEPS era at different speeds, multinationals need to get a grasp of requirements by jurisdiction and prepare their reporting accordingly.

Our Transfer Pricing consultants maintain an up-to-date **matrix** of BEPS Action 13 implementation status by jurisdiction, as well as traditional transfer pricing documentation requirements.

Please be aware that for certain jurisdictions that have not implemented the BEPS Action 13, the traditional transfer pricing documentation rules, if any, still apply. The matrix is updated daily for your quick navigation in this winding journey.

Please contact rcurd@crai.com, if you have any questions or need guidance.
